Skills

- **Languages & Web:** HTML, CSS, JavaScript, Python, Java, C#, Visual Basic

- **Tools & Frameworks:** VS Code, Visual Studio, PyCharm, Git, GitHub

- **Cloud:** Basic Git/GitHub version control; currently studying AWS fundamentals

- **3D Modelling:** Fusion 360, TinkerCad (used in 3D printing projects)

- **General IT:** Proficient with Windows 11 and Microsoft Office 365

Projects

Meal Planner App: React, JavaScript, Tailwind CSS, LocalStorage
A responsive app that allows users to search for recipes, apply allergy filters, plan meals, and generate portion-scaled shopping lists. Includes a pantry tracker and meal scheduling.

Restaurant POS System: PHP, MySQL, HTML, CSS
A point-of-sale system for managing restaurant tables and orders. Features include table-specific ordering, product management, and staff login functionality.

Paws at Yours – Cat Sitting Business Site: HTML, CSS, JavaScript
A simple website for clients to request cat sitting services and view availability. Includes a contact form, pricing section, and clean, responsive layout.

Professional Development

IBM Full Stack Software Developer Professional Certificate
- Covering topics such as web development, programming languages, cloud computing and agile methodologies.
- Practical experience with tools like GitHub, VS Code, and Postman.

Focused on building dynamic web applications with front-end and back-end technologies
Actively continuing to build on my skills by studying JavaScript and working toward the AWS Cloud Practitioner certification.

Summary

Aspiring software engineer with hands-on experience from a completed Software Engineering course, now continuing to grow through self-study in JavaScript and cloud technologies. I balance this with part-time work as a mystery shopper and running my own cat sitting business. I'm passionate about programming, enjoy learning new languages independently, and regularly take on coding challenges. Mathematics has always been a strong point of mine and supports my analytical and problem-solving skills. Outside of tech, I enjoy cooking with my family and exploring fine dining.

Experience
