Profile

Currently studying Software Engineering in conjunction with a part-time job mystery shopping and owning my own cat sitting business. I enjoy programming, teaching myself new languages to code in and completing coding challenges. Mathematics is also a strong point of mine, something I enjoyed even at a young age. As well as my passion for coding and maths, I enjoy cooking with my family and eating out in fine dining restaurants.

Other interests include:
Food Festivals, Website design, Art, Socialising with friends and family

Professional Development

IBM Full Stack Software Developer Professional Certificate (In Progress)
- Covering topics such as web development, programming languages, cloud computing and agile methodologies.
- Practical experience with tools like GitHub, VS Code, and Postman.

Focused on building dynamic web applications with front-end and back-end technologies
